Our family projections

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the slide, creating a modern, layered effect. The text 'Our family projections' is centered on the left side of the slide in a clean, sans-serif font.

The Last Opportunity to Connect Generations

- ▶ We can't waste another day without actively using the family ties of grandparents and parents to hand down their faith
- ▶ Once the older generation departs, we no longer have the seemingly strongest, most impactful family ties for the Church to connect with these younger children - these children will become separate islands and much harder to connect with

The Last Opportunity to Connect Generations

- ▶ FoPs will need to be responsible for creatively attracting this younger generation to survive
 - ▶ Developing and providing “resources” that help the older generations to facilitate conversations to actively pass on their faith
 - ▶ Keepsake

How does this affect what we do as a family?

▶ Family Action Plan Review

- ▶ What efforts are we making to evangelize?
- ▶ Cutting expenses?
- ▶ Making sure staffing is meeting needs of renewal objectives
 - ▶ Youth Ministry?
 - ▶ Adult Faith Formation?
